Is Peterburges. 2trâ Juhli augsti zeeniga leelwirsteene Maria Nikolajewna tikke falaulata ar to Wahz'ezogu Makfimilian no Leuchtenberges. Peterburges eedishwotajeem ta bija leela gohda un preeku deena; un arri wissi muhfu mihla Keisera ustizzami appakschuekti lohti lihgsmojahs, to dabbudami sinnah.

Is Londones. Enlenderu jauna Fehnireene pa wassaru, kad laiks irr jauks, Londones turumâ ar mas pawadda mehds jahteleht. Ne senn winnai zellâ tik lohti dischs leetus usnahze, ka tuhlik bija ja-greeschahs us mahjahm. Bet zelsch, ahtrumâ Samirzis, jau bija palizzis tik plikts, ka sirgi fohtös ween gahje us preekschu. Kad buhtu warrejis schkehrs pahr to leelu plawu kluht, kas tur zell-mallâ un kas tam baggatam fungam Robert Jubbs peederr, tad sirgeem weeglaka eeschana buhtu bijuse un Fehnireenee agraki nahkuse mahjâs. Winna tadehk patte to wezzu gannu, kam wahrds: Longlei un kas schai plawai par fargu, mihligi luhdse, sai taujoht winnai lihds ar pawaddu pahr to plawu jaht; bet wezzajs, kaut gan arri wehl weens leeskungs peestahjahs, ar seltu winna firdi mihlestinaht, tatschu ne lahwe wis, un Fehnireenei ar leelu rink pa paschu pliktu zelku bija jaht us Londoni. — Zits semneeks, dsirdejis,zik zeeti Longlei teem jahtnekeem bija atfazzijis, nahze un winnu tâ usrunnoja: "tu, nesaimigs zilweks, woi tu tad ne nomanniji, ka ta jauna skaista preileine, kas tew tik mihligi luhdse, bija patte muhfu augsti zeeniga Fehnireene?" — Bet tas ustizams plawas fargs winnam drohschi atbildeja ar scheem wahrdeem: "Weenlihds! Un ja winna tatschu buhtu darrijuse, ko leedsu; es winnu buhtu aiskihlejis, sai gan Fehnireene!"

Semneeks kahds ar faru masu dehlu Tohmu pa zellu gahje. — Luhk' — tehws us reis fazzija — kur pakawa gabbals us zellu gulf! Usnemm' un eebahs'. — Eh! — Tohms fazzija — tas jau to darbu ne maksa, ka zilweks noolekahs! — Tehws, ne ko ne fazzidams, pats usnähme un eebahse kulle. Pehzak pee frohga gärram eedams, winsch frohdsineekam to pakawa gabbalu pahrdewe par trim gra-

scheem, un, *Kesberes eeraudsidsams*, kas tur bij pahrdohdamas, no tahm pirkahs par to naudu, un nehme lighs.

Nu tee sawu zellu gahje tahlak. Bija karsts laiks, un faule brihnum speede; ne kur ne eeraudsija ne mahjas, neds kohku, neds awotinu kahdu. Tohms, leelas *Naipes zeedsams*, tikkai pa masam un ar mohkahn ween spehje wiltees no pakkatas.

Mu tehws tà kà no nejauschu *Kesberi* (Kirsch=ohgu) likke nokrist pee semmes. Tohms tuhlik schaujahs us to, it kà buhtu selta gabbalinsch, pazell, un eebahsch mutte. Pehz kahdeem sohleem tehws atkal likke nokrist kahdu. Tohms atkal tikkat schigli pehz to noseekahs. Un tapat tehws Tohmam wissas *Kesberes* likke usnaemt pa weenahm.

Kad taks nu pa gallam, un Tohms jau pehdigu bij apehdis, tad tehws pasmeedamees apgreesehs, fazzidams: faut tu buhtu gribbejis noseektees pee semmes weenu paschu reisi ween ta faluhfuscha pakawa dehl; tad taggad tewim to ne waijadseja darricht funtsreis!

Kam schehl par masu darbinu,  
Das padarrihs few drihs wehl leelaku.

### Tschuhfskas.

*Tschuhfskas*, bes kahjahn un bes rohkahm us sawu wehderu staigadamas, gan drihs kurlas un mehmas, kà tahypi, kam pantu ne kahdu newaid, gan mas spehzigas rahdahs, bet pahrleeku schiglas irr, un no ahtrahm dusmahm pahremcas, ar leelahn usmahkschanahn usmahzahs, un ar saweem neganteem sohbeem eekohschahs, starp kurreem daschahm wehl balsigi giptes sohbi rohnahs. Taks nosihme mas spehzigus un niknus zilwekus, kas newarredami ne fo labbi paddarriht ar sawu wahju spehku, ar leelu niknumu un firds ruhktumu us launu dsennahs. Juhs o hdschu dsimmons, kà juhs warrat fo labbu runnah, launi buhdami? tà muhku Pestitais (Matt. ewang., 12 n. 34 p.) us tahdeem zilwekeem sakka. Un teescham, kad kautkahdu tschuhfsku eerauga, un winnas tikkumus nomanna, tad tas derr, mums to argahdinah, kà Ahdams un Gowa grehkös kritte, un kà zilweku firds irr famaitata. — Zilwekeem irr eedsimmis, newihschus preefsch tschuhfskas fabihtees.

Juhs gan nebuhsheet dauds tschuhfskas redsejuschi, lassitaji? Warr buht kahdu falkti, jeb mahjas tschuhfsku, fo dauds weetâs atrohn? Jeb rassi jau kahdu giptigu glohdeni esfat eeraudsijuschi? Nu, ar to jau deesgan, un dauds wairak arridsan pa wissu Kreewu semmi ne-atraddihs. Juhs fazzifeet: lai Deews arri par tahdahm pasarga! — Gan nu labbi, to es arri wehleju, bet tad arri naw jasafka, ka skaidri sinnus, kahdas irr tschuhfskas. Jo tschuhfskas irr dasch daschadas. Jau kahdas 220 surtes irr sinnamas, un reisneeki wehl ikgaddos filtas semmés zittas atrohn, fo wehl nepasinne. Zittas irr tik masas, ka gan drihs dohmatu, taks effoht geekas. Zahdas itt pulsâ Kiprus fallâ reds, kuc

tas Apustuls Pahwils Deewa wahrdu pasluddinaja (mekle Apust. darb. 13 n. 4 p.), un tur arri par fleekas tschuhfsahm fauz. Laudis tur labprahf fkat-tahs, ka muddigi tahs leen un palehka, jo schihs ne weenu nekaitina, un tikkai 4 lihds 6 zollus gaxras irr, un tik resnas, ka labs schnohris. Alzzis tahm ka masi pilleeni, un ja kahds ne-eerahda, tad tahs teesham ne-eraudstu.

Bet lai tikkai dohdamees us Widdus-Amerika, un klausat, ka tur weentreis notikke. 18 Spanieri bija zauru deenu us kahjahn bijuschi, un peekussuschi eedami wehsa un flapja gaisa. Us wakkaru winni eeksch beesa mescha eenahze. Winni apnemmahs, tur par naakti palikt, un eeksch faufahm lappahm gulleht, kas tur pehdus augstas rohnahs. Uskurr ugguni, lai nepeenahf plehfigi svehri, kamehr schee gullehts, un nomettahs us resnu kohku, kas pakrittis appaksch tahm lappahm gulk, ne tahlu no ugguns. Betzik fo ugguns eekurrah, un tee pa-sehduschees, redsi, tad tas kohks sah fustetees, un kas irr? — ta irr breesmiga milsu tschuhfska, us fo tee usmettuschees, un kas appaksch teem fustahs. Nu wissi 18 wihi itt pahleeku fabihuschees, un ar wisseem kauleem trihzedam kleeps un muhf no tahda neganta elles drakka. Jo redsat, milsu tschuhfska tik leelas isaug, ka pateesi warr dohmaht, ka irr balki, 20 lihds 30 pehdas gaxxi, un  $1\frac{1}{2}$  pehdas resni! — Wissas zittas tschuhfsku kahrtas gan mehrenna augumâ irr, tikkai reetas 10 lihds 12 pehdas gaxras, bet ta weena milsu tschuhfska tik leela isaug sawâ kahrtâ, ka tas elefants semmes sihditaju kahrtâ, un ta wall-siws juhkas sihditaju kahrtâ.

Bet jums nu gan buhs brihnumis, kam ta tschuhfska scheem papreckschlah-wusi usfehstees? — Woi kahdu reisi jau effat kahds pahrehduschees? — Nu tad atzerrees, kahds nelahgumis tew meefâs raddahs peerihuscam, un ka tu to reis newarreja ne scho ne to ar prahru dorriht, un wissas meefas tew ka pahrnem-tas bija. — Tapatt arrisan tai tschuhfskai biji gaddijees, ta tikkai wehl dauds wairak bija pagurdita ar stipru ehfchanu. Tschuhfsku schohki pahleekam platti atverrah, un winnas ir tahdus dsihwneekus, kas dauds resnaki irr pahwinnahm, itt weegli warr noriht. Saktim knappi i zollis irr resnumâ, un winsch ta mahf noriht kruppus un wardes, ka tahs winnam pehz ka kammoli eeksch funga gull, un brihscham wehl eekschâ fustahs, jo winsch tohs dsihwus brihscham dabbu noriht. Milsu tschuhfskai irr tik neganti stipras dsihgiles, ka winna aitahm, kasahm un patt arri wehrscheemi aptihdamees, teem wissus kaulus druppâs klausach, un tad apgluhdejusi, tohs itt wesselus noriht, ne mas ar sohbeem neplehdam. Tai gan sohbi tahdi, ka labbam putnu sunnam, bet ne muhscham tschuhfska sawu laupijumu nefaplehsh, ta tikkai tam dsihwam ar teem eekerrahs, lai ne-ismuhf.

Bet tam waijaga buht fungim, kas wesselu wehrsfi ar wissu ahdu, spal-wahm un kauleem spehj sawahriht! Lai funga seenas irr jo zeetas, un skah-bums eekschâ jo sihws, tomehr winna waijaga dicti samohjees ar eekschahm, lihds ar to gallâ teek. Tad nu naw brihnumis, kad winna tomehr pastihwa gull nekustedamees, kamehr wissa meesa ar to barribu irr uspampusi. Pats tas plehfigs tihgeris eet duseht kad winsch labbi peerihjees, un arri tas leelais maitas

ehrglis peebahsees galwu eewelk, un fa negants spalwu kammols istaisahs. Tad winsch tupp, neredsedams, nedfirdedams, galwu pabahsis spahrnu appakschâ, fa wissa apkalla plikkum irr apklahti, un nolaisch spahrnus, fa newarr winna kahjas eraudsicht, un wissas spalwas tam stahw pajehluschees.
