RDA in Spain: scope and status of the implementation

- **Decentralized system**

- **Catalonia (from AACR2):**
  - Translation into catalan available in PDF. 2016 expected in RDA Toolkit
  - Implementation: starting 2016 (BC and CSUC)

- **Most libraries in waiting mode**

- **Translation into Spanish issues**

RDA in Spain: BNE towards RDA

- **Cervathon (April 2016)**

- **RDA and Rare Materials (expected 2016)**

- **RDA WG at BNE (2014-)**
  RDA Elements (expected 2016)
  RDA Profile for BNE (expected 2016)

RDA in Spain: RDA Profile for BNE

Goals:

- Proof of concept in a real implementation scenario
- To act both as possible BNE's Policy Statement and BNE Workflow
- Presumably available in the future for Spanish institutions which will be willing to implement RDA

Proceeding:

- Following RDA and then mapping it to MARC 21, not the other way down
- Profiles for each type of materials, starting modern books
