## Lehninsch us weenu gadu.

Weibsame pufse.

Prinzis satruhkabs par to, ko dsird un prassa wehl: Ar ko tad warr nahkamai nelaim ei isbehgt, un no tāhs issfargatees? — To warr gan — atfakka deewabihjigs runnas un padohma kungs sawam Lehninam — to warr gan, bet jel zittadi ne, kā tā: Tew buhru jafuh! darbataudis turp us to fallu, fur aisenahksi, lai tur ustaisa leelus magasinus un tohs peepild ar wissu, kas ween waijaga un labbi derr pee pahrtifschanas un ar ko sweschā weetā bes behdahm warr dshwoht un gohdam ic turrigi rāhditees. Kehnisch tudal labraht peenehme sawa gohdiga drauga gudru padohmu. Taifni, gudri un mihsigli walidams sawu semmi un tautu, likke winsch tudal arri us ohtru fallu pahrzelt un aisenst wissu, kas ween waijadfigs bij, un ar fo sawas nahkamas deenas un sawu ilgu mittefli tur warreja few jauku un labbi patihkamu darricht. Pa tam bij' arri schim ta schkirschanas deena flah, kur tam atnehme to waldischani. Bet gudrs Kehnisch par to ne bija noskuminis, bet wehl ar preeku pats jau ilgojahs pehz to brihdi, kur to nepaleekamu weetu un gruhtu ammatu astahs, un dabbuhs eeeet favâ jaunâ walsi, kur scham ilgi buhs dshwoht un palikt, un kur jaunu gohda ammatu labraht gribb fahkt un tizzigt nokohpt. Gan neschehligi saldati winnam to waldischani atnemdamî pehz wezzu wezzem likkumeem schinni fallâ, ar scho labbu Kehnini tikpat gruhtu darrija, kâ ar wisseem, kas ween lihds schim te bij pabeiguschi sawu waldischanas gaddu; to mehr laudis labbu, mihsigli waldneeku lohti noschehloja, pehz winna raudaja, un peeminneja winna waldischanas laiku ilgi ar gohdu. Bet pats Kehnisch ainsnaze it laimig us sawu jaunu semmi, atradde tur jo leelu laimi un labflahschani, ko ihstâ laikâ few bij pareisi pats fataisijees. Sawu jaunu jauku dshwokli, lihds ar sawu jaunu ammata daramu turepat, zenijs un no-fauze winsch pats par fwehtu weetu un fwehtu ammatu, par fo ne warreja beigt tam Wissu-augstakam sawu un gohdu doht, ka winsch tik labbi ar winnu bij' darrjis.
