Is Pehterburges. (3. Aug.) **Sestdeena**, 31mā Juhli, augsti zeenigi Keiseri no sawas dahrsa-pils Zarskoje. Selo irr aibraukuschi, dohdamees us sawas walstibas deenas widdus pussi.

Muhfu lassitaji gan wehl peeminnehs, ka jau preefsch diweem gaddeem (Luhko Latv. k. dr. 1834, 33schâ l.) Keisers irr nospreedis, ka taggad pa meera laiku ne buhs iknogaddâ no wissas walstibas nekrushchus nent; bet ka jau dees-gan, kad weenâ gaddâ nem no deenas widdus pusses un ohtrà no seemela pusses. Scho gadd' nems no deenas widdus pusses, un prohti: peez no tuhkstohsch.

No **Gallas-muischas**, Nihges aprinkî. Trihs neddelas gan wehl ne buhs pagahjuschas, tad tur diwi semneeku behrni ahtrumâ nimirre, kas meschâ ohgas lassidami, dauds glahsenes bija ee-ehduschî. — Senn jau zit-tâs mallâs fargajahs no glahsenehm.

Is Leischu semmes. Nezik taht no taht masas pilsfehtas, kam wahrds: Widsi, irr weeta, ko fauz Paringa, un kure basniza, ko Leischu semneeki lohti zeeni un eefsch kuras winni iknogaddâ us 25tu Juhni leelôs pulks fanahf, cizzedami, zaur to dabbuht grehku peedohschani. Arri fcho gadd' tur pasaul' dauds lauschu us to deenu bija fanahkuschi, un kats no sawas nabbadsibas tai basnizai un teem svehteem kahdu dahwanu, wisswairak linnus, bija atnessis. Semneeze, altara preefschâ arri sawu buntiti nolikdama, ar to par nelaimi alta-ra svezzei tik turu nahze, ka us johni wissa buntite sahze degt, ugguns ahtrumâ arri tohs zittus turpatt pee altara uskrautus linnus fakkehre un leefmas wissu basnizu pahrnehme. Eefsch schahim leelahim isbailehm wairak ka simts zilweku breefmigi woi tikke famihti woi noslahpe, wei pelnu pelnôs sadegge, bet aplam dauds wairak lauschu weht irr, kas neganti xewainohti; zitti gan wairs dishwotaji ne buhs.

Is Londones. (27. Juhli.) Tauna Galenderu Kehninene un winnas mahte ne fenn, rattôs brauzoht, zaur saweem sirgeem, kas zellâ istruhkahs, buhtu nah-kuschas leelâ nelaimê, ja Deews schehligi ne buhtu waldijis. Nabbaga trakteers, Turners ar wahrdi, winnu bailes redsedams, ahtrumâ ofkre hie palihgâ un abbahm falpoja ar labbu un mihligu prahsu. Preefsch pahri deenahm Turners tikke aizinahs us pilli. Gahje turp un diwi leeli fungi winnu ar gohdu faneh-me un winnu prassija, kahdu pateizibu wissch gan no Kehninenes few isluhdso-

tees par to labbu darbu, ko tai effoht darrjis. Winsch pasemmigî atbildeja, ka pateizibu neds pagehroht, neds us kahdu effoht dohmajis. — "Nu tad," ta tee leeli fungi fazzija, "zeeniga Fehuinene irr nodohmajuse, ka jums par skahdi jaune buhschoht, kad jums doh schoht brihw, pahr sawa namma durrim pascha krohna sihni like uskahrt. Winna arri irr pawehlejuse, jums schè to keschas-grahmatian ar wissu, kas eekschâ, rohkâ doht, un jums mihligi peesazziht: ja us preefchu jums pascheem woi juhsu raddeem kahds padohms woi palihgs waijadsetu, ka tad jums ne buhs airsmirst, ka winna jums arween par ustizzamu draudseni gribboht buht." — Turners lohti preezajahs pahr sawu laimi, fazzija daudsreis paldeewos un gahje us mahjahn, us reis, saweem kaimineem par brihnoschanu, palizzis par turrigu wihr. — Woi tew, lassitajs, gan patishk tahda laime, kas schim Enlendexu wihram gaddijahs? Nu tad eij un eeraddinajees ar mudru, kristigu prahcu, zif spehdams, wisseem behdigeem un nelainigeem palihdseht; jo tik tak tew wisslehtaki arri kahds augstis kungs warr gadditees, kam labbu darri un kas jauda, tew us wissu muhschu aplaimoht. Irr weens, kas augstaks pahr wisseem fungeem un Fehuineneem, un tas irr fazzjis: "Ro juhs weenam no scheem manneem wissmasakeem brahleem darrijuschi, to juhs man effat darrijuschi." (Matt. 25, 40.)

**Kas tahs tahdas leelas Kirsattes, kas atrohnahs Egiptes semmê un fo  
fauz frokodilus.**

Juhs gan wissi pasihfeet tahs masas Kirsattes, ko wassarâ daudsreis' pee mums dabbu redseht, kas zilwem kahdi ne darra, kaut gan daschreis' zittu isbaida, kad ahtrumâ to usskatta par tschuhfku. — Bet klausait, kahdas Kirsattes atrohdahs zittas semmès. — Tai pasaules dallâ, kas mums pa deenas widdus pussi un ko fauzam Ahyriku, kur faule diwireis' pa gaddu eedishwotajeem taisni us galwu spihd, tur wissas leelâs uppës un ihpaschi Egiptes semmes leelâ Nihl-uppë atrohdahs sawadas Kirsattes, ko wahziski fauz: frokodilus; tahs tik labbi uhdeni, ka arri pa fausu semmi dshwo. — Schahs Kirsattes aug lihds 10 ohlektis garras; muggura irr tumsch' pellehka un ar tahdahm zeetahm brunnahm apsegta, ka plintes lohde ne spehj zauri eet. Pa wehderu tahm irr mihssta eedseltena ahda. Azzis irr masas un stahw dilli galwâ un winnu plattâ mutte irr lihds 60 assi sohbi. Kahju pirksti winnahm râpat, ka sohsim, saweenoci ar smalku ahdu, ka itt labbi warr peldeht pa uhdeni. Alste irr garrafa, ne ka patte Kirsatte, un ar scho fisdamas winnas eespehj masu laiwu apgahst. Peldeht proht itt labbi, bet pa fausu semmi, sawu ihsu kahju deht, tikween lehnam eet. — Winnas gull uppmallâ, Nehydamees beefsas needrës. Kad nu kahds svehrs jeb zilwes nahk pee uppës, tur woi dsert, woi peldeht, tad to sakampis naggôs, dohdahs appaksch uhdens un to aprijh. — Winnas arri ehd siwis, wardes, wehschus un ko tik wehl uppë atrohd, sawu leelu wehderu pildiht. — Sawus pautus, kas isskattahs ka sohfu pauti, dehj uppmallâ, masâs bedritës, ko smiltis iskassa, un kur faules karstums cohsperrina. — Weena patte Kirsatte dehj lihds 80

pautus, un us tahdu wihsî winnas gan pahrseku wairotohs, ja ne buhtu zitti svehri, kas winnus isnaſchke. To ihpaschi darra tee svehri, fo noſauz par Ba- raus - ſchurkeem; un kas tik maſi ka kalki. Tee ſchohs pautus uſmekle un apehd, ta teem eedſhwotajeem leelu labbumu darridami. — Kaut gan tahdas Kirsattes fo tik fagrahbj, wairs ne laifch wallâ, comehr ne fenn Egiptes ſemine weenai mei- tai isdewohs no tahda breeſmiga svehra naggeeni iſſprukt. — Nabbadſite atnahze pee uppallas, gribbeja drehbes maſgaht, bet us reis tahds svehrs winnai uſ- mettahs, fagrahbé winnas rohku un winnu fahze eewilkt uhdenn. Bet meita ar ohtru rohku drohſchi Kehre svehram paſchâs azzis, un ſchis pahr to ta fabihjahs, ka winnu paſchu palaide wallâ, kautgan rohka svehram palikke riħklé. —

• Râ elepants aissstahweja sawu fungu.

Jau zittkahrt (1833, 4ta l.) effam stahſtijuschi par ſcho svehru, kahds tas effoht, lohti leels, ſtiprs un, kad dihdihes, arri gudrs, padewigs un ſawam fun- gam wiſſai paſklaufiſgs. — Bes tam wiſſi arr' lohti derrigi us meddiſchanu; jo kad lauwas, tihgeux jeb zittus tahdus breeſmigus svehrus gribb meddiht, tad gehgeri fehd ſchim us mugguru, kas winnus tad-neſſ zaur leeleem mescheem. — Kahdam baggatam Enlenderu kohpmannam, kas dauds gaddus Aust-Indijas ſem- niē diſhwoja, bija tur tahds iſmahihts elepants, kas sawu fungu lohti miſkoja. Kahdâ deenâ kungs us meddiſchanu dohdamees, fehdeja ar ſawu fullaini maſſa turwite us elepanta mugguras. Meschâ leels lauwa peepeschti iſſfrehje no kruh- ma un ar weenu paſchu lehzeenu elefantam kluppe muggurâ un tikpat ahri fun- gu fagrahbis, ar to nolaidehs ſemniē. Elepants, to redſedams un gribbedams ſawu fungu glahbt, grahbé ar ſawu ſnuukki leelu koħku ais gallohtnes un to ahri leeze us lauwas mugguru, ka tam ribbi ſafpeede un tas ais leelahm fah- pehm fungu laide wallâ. Gullainis nu muddigi lehze ſemniē un lauwa noſchah- we, bet nabbags kungs no leelahm iſbailehm un no ta breeſmiga Kritteena, jau garru bija islaidis. — Woi naw ja - brihnojahs pahr ſcha lohpa gudribu, kas us tahdu nedſirdeu wihsî ſawu fungu aissstahweja un, kaut gan ne iſglahbe, to- mehr atreebe? —
